DCLS Standards Considerations:

- These are minimum standards per WI Statute 43.64(2m), (floor, not ceiling).
- These standards were established in accordance with Wisconsin Statutes 43.11(3)(d) by Resolution 185, 2011-12 of the Dane County Board of Supervisors, and subsequently amended by Resolution 98, 2013-14.
- Standards require data provided to DPI through the Annual Report.
- Standards are based on municipal (not service) population for the most recent year.
- Standards must be met by any municipality seeking an exemption from the county library tax.
- Libraries not meeting one or more standard may be granted a provisional exemption by submitting a compliance plan for the DCLS Board approval.
- Libraries are limited to 3 provisional exemptions in a 10-year period.
- Newly established libraries (WI Statutes 43.52) may be granted provisional exemptions in the first three years of existence, with a plan approved by the DCLS Board to bring the library into full compliance by year four of operation.
- Newly established libraries that comply in year four but fail to meet standards relating to collection size in a future year may be granted one additional provisional exemption in the first 10-year period of operation, contingent upon the DCLS Board's approval of a plan to bring the library back into compliance.

DCLS Standards Decision Timeline and Appeals Process

Municipal libraries will supply the data demonstrating compliance by April 1 of the year in which an exemption is desired. Should such data demonstrate that one or more standards have not been met, as judged by the County Library Board and noticed to the affected library by May 15 the Library will submit by June 15, a plan designed to bring the library into full compliance within the allowed time period. By July 15, the County Library Board will determine for each library that minimum standards have been met or will decide whether a library's submitted plan to meet all standards within the required time frame is sufficient. Any decision of the County Library Board may be appealed by any municipal library. Such an appeal must be filed within 15 days of the date of the original decision.

Appeals must be made in writing and delivered to: Dane County Library Board, 1819 Aberg Av., Madison, WI 53704. The basis for an appeal shall include one of the following:

- Natural disasters affecting the library's ability to meet the standards;
- Significant library building projects affecting the library's ability to meet the standards;
- Action of a governmental body whose authority exceeds that of the city, village, or county and which prevents compliance with these standards.

All appeals will be heard within 30 days of filing, at a regularly scheduled County Library Board meeting. Any such meeting will include a presentation by the appealing library and a public hearing. All libraries in Dane County will receive notice of the appeal and the hearing. The County Library Board will act on the appeal within 30 days of the hearing. The affected library will be notified. The decision of the County Library Board shall be final.

Responsibilities of the Dane County Library Board

The Dane County Library Board has been designated by the Dane County Board of Supervisors as the County Library Planning Committee under the provisions of Chapter 43.11(1) Wis. Statutes. Per Wisconsin Statute 43.11 (3), the following responsibilities are assigned to this body (emphasis added):

- (a) The committee may prepare a new plan for the organization of a county or multicounty system, **revise an existing plan** or change the boundaries of a public library system. It shall conduct public hearings concerning these plans, revisions and changes to which representatives of all libraries in the county shall be invited.
- (b) The committee's final report, including a new plan, revisions to an existing plan, or **changes to the boundaries of a public library system** and copies of any written agreements necessary to implement the proposal, shall be filed with the county board and submitted to the division. Plans for multicounty systems shall include a **method for allocating system board membership** among the member counties.
- (c) The plan of a library service for a county, whether for a single county or multicounty system, **shall provide for library services to residents of those municipalities in the county not maintaining a public library** under this chapter. The services shall **include full access to public libraries** participating in the public library system and the **plan shall provide for reimbursement for that access. Services may include books-by-mail, bookmobile service, the establishment of additional libraries or other services deemed appropriate by the committee.** Service may be provided by contracting with existing public libraries in the county or in adjacent counties or with the public library system or by creating a county library organization under this chapter. The plan of library service for a county may provide for **improving public library service countywide** and in municipalities that have libraries. The plan shall specify the **method and level of funding to be provided by the county to implement the services** described in the plan, including the reimbursement of public libraries for access by residents of those municipalities in the county not maintaining a public library.
- (d) The plan of library services for a county may **include minimum standards of operation for public libraries in the county.** The county shall hold a public hearing on any standards proposed under this paragraph. The standards shall take effect if they are approved by the county and the public library boards of at least 50% of the participating municipalities in the county that contain, according to the most recent estimate prepared under s. 16.96, at least 80% of the population of participating municipalities in the county.
